

Self-Funded Plans

A self-funded plan offers an array of coverage and administrative options for groups of 25 or more enrolled employees. Multiple networks are available, including regional, statewide, and nationwide coverage. You also get a menu of stop-loss options to protect your business against large claims, plus the help of a billing specialist, dedicated account manager, and enrollment.

When it comes to the health and care of your employees, you shouldn't have to decide between a happy workforce and a healthy bottom line. With our self-funded group health plan, you get affordable access to top-quality, compassionate health care.

When you choose a self-funded plan, your business will enjoy:

- Superior coverage with more choices
- Competitive prices
- Highly efficient claims management
- Well-designed health and pharmacy benefits
- Integrated Health Services
- And more control over all of it!

Plan options help you manage costs

A self-funded group health plan helps you control costs and manage the health of your group with a wide variety of plan options to get the right benefits for you and your employees.

Stop-loss protects your business

A whole menu of stop-loss options is available to help protect your business against large claims. You can custom craft your stop-loss reinsurance to fit the requirements of your business.

Integrated Health Services

Integrated Health Services (IHS) and pharmacy services can help your employees improve their health and wellness while reducing health care expenses for you. The IHS team consists of nurses, physicians, health coaches, and pharmacists who are all dedicated to the health and wellness of your employees.

When these tools are used properly, the health of your employees can improve over time. Healthier employees submit fewer claims, which saves your business money.
