

Choice POS

A three-tier point-of-service plan that puts members in charge of the doctors they visit and the out-of-pocket fees they pay

Members want choice in what doctors they see. They also want a level of control over how much they spend for their care. Choice POS by Aspirus Health Plan delivers both.

Choice POS offers three tiers of network coverage. Members can choose doctors, clinics and hospitals from any tier at any time without a referral. When they choose Tier 1 providers, members save money with lower out-of-pocket costs.

Tier 1 Signature Network – includes Aspirus Health, Aurora Health Care, Bellin Health, Children’s Wisconsin, Gundersen Health System, Reedsburg Area Medical Center, The Medical College of Wisconsin, ThedaCare, and UW Health.

Tier 2 Freedom Network – includes Froedtert, Marshfield Clinic, Mayo, and more.

Tier 3 Non-Participating Providers – includes any providers outside the Signature or Freedom networks. To find providers in each network, visit <https://p1.aspirushealthplan.com/find-a-doctor>.
