

Maintenance Drug List

Updated January 2023

Medi-Span drug data contains a field indicating whether it is a maintenance medication, signifying it is generally used chronically (greater than 30 days) to treat or prevent a condition. This code is used as part of some benefit setups chosen by clients including:

- Mandatory Mail Order or 90-day Retail (medications on maintenance list required to be filled at 90-day retail or mail order)
- Optional Mail Order (only medications on maintenance list allowed to be filled at 90-day retail or mail order)
