Individual Rights

Inspect and Copy. With certain exceptions, you have the right to inspect or copy the PHI that we maintain on you. You must make a request in writing to obtain access to your PHI. You may obtain a form to request access by using the contact information listed at the end of this notice. You may also request access by sending us a letter to the address at the end of this notice. If you request copies, we may charge you a reasonable, cost-based fee for staff time to locate and copy your PHI, and postage if you want the copies mailed to you. If we deny your request to access and inspect your information, you may request a review of the denial.

Amendment. You have the right to request that we amend the PHI that we maintain on you. Your request must be in writing and must provide a reason to support the requested amendment. We may deny your request to amend PHI if we did not create it and the originator remains available; if it is accurate and complete; if it is not part of the information that we maintain; or if it is not part of the information that you would be permitted to inspect and copy. If we deny your request, we will provide you with a written explanation. You may respond with a statement of disagreement to be appended to the information you wanted amended.

NOTICE OF PRIVACY PRACTICES

Confidential Communications. You have the right to request to receive communications of your PHI from us by alternative means or at alternative locations. We must accommodate your request if it is reasonable; if it specifies the alternative means or location; if it clearly states that the disclosure of all or part of the information could endanger you; and if it continues to permit us to collect premiums and pay claims under your health plan, including issuance of explanations of benefits to the contract holder of the health plan in which you participate. An explanation of benefits issued to the contract holder for health care that you received for which you did not request confidential communications may contain sufficient information to reveal that you obtained health care for which we paid, even though you requested that we communicate with you about that health care in confidence.

Request Restrictions. You have the right to request restrictions on how we use or disclose PHI about you for treatment, payment, or health care operations, or that we disclose to someone who may be involved in your care or payment for your care, like a family member or friend. We are not required to agree to these restrictions, but if we do, we will abide by our agreement (except in an emergency). Your restriction request must be made to us in writing. A person authorized to make such an agreement on our behalf must sign any agreement to restrictions. We will not agree to restrictions on uses or disclosures that are legally required, or which are necessary for us to administer our business.

Disclosure Accounting. You have a right to receive an accounting of the disclosures we have made of your PHI. This accounting will not include disclosures made for treatment, payment, health care operations, to law enforcement or corrections personnel, pursuant to your authorization, directly to you, or for certain other activities. Your request for an accounting must be made in writing to us and must state the time period, which may not be longer than six years, from which you would like to receive the accounting. If you request this accounting more than once in a 12-month period, we may charge you a reasonable, cost-based fee for responding to these additional requests.

Breach Notification. You have the right to be notified by us if there is a breach of your unsecured PHI.

Copy of Notice. You are entitled to receive this notice in written form, even if you have received it on our website or by electronic mail (email). Please contact us using the information listed at the end of this notice to obtain a written copy of the notice.

Protection of PHI. AHP is committed to ensuring that your PHI is protected from unauthorized use or disclosure. We have implemented strong security measures and processes to keep oral, written, and electronic PHI secure across our organization. For example, an employee or contractor who accesses your PHI must comply with all of our information security requirements including, but not limited to, signing confidentiality agreements, completing annual information security training, and using encryption when transmitting data to an external party.

Questions and Complaints

If you believe that AHP may have violated your privacy rights, or if you disagree with a decision we made regarding one of the individual rights provided to you under this notice, you may submit a complaint to us using the contact information provided at the end of this notice. You may also submit a written complaint to the Secretary of the U.S. Department of Health and Human Services. We will not retaliate against you in any way if you choose to file a complaint regarding our privacy practices with us or with the U.S. Department of Health and Human Services.
