Your cost-sharing is less when you see providers in the Delta Dental Medicare Advantage network. You will get the most coverage by using a network dentist. Our Medicare Plans use the Delta Dental Medicare Advantage Network administered by Delta Dental. Find a list of network providers online at aspirushealthplan.com/medicare, or call the number on the front page for assistance.

Unlike most other dental plans, our Medicare Advantage plans include out-of-network coverage. If you receive services from an out-of-network licensed dental provider, you will be responsible for submitting your bills and paying the cost share and any difference between the actual billed charge and the Aspirus Health Plan dental fee schedule.

Out-of-network/non-contracted providers are under no obligation to treat Aspirus Health Plan members, except in emergency situations. For a decision about whether we will cover an out-of-network service, you or your provider can ask us for a pre-service organization determination. Please call our Customer Service number or see your Evidence of Coverage for more information.

Benefits, provider network, premium, deductible and/or copayments/coinsurance may change on January 1 of each year. Limitations, copayments and restrictions may apply.
