

Small Group Health Plans

Aspirus Health Plan offers access to expert, compassionate care right here, in dozens of communities across north-central Wisconsin and Michigan's Upper Peninsula. You get top-quality care from physicians, hospitals, affiliated providers, plus corresponding administrative services

Choose affordable, top-rated health care plus options to maximize health plan use

- **HMO plans** deliver great value, POS plans give you options and HSA-qualified plans offer more control.
- **Telehealth services** from MDLIVE® allow employees to talk to a doctor for a copay or fee, depending on which group health plan you select. Dermatology and behavioral health services are also available. Copays or fees apply to the members deductible, coinsurance, and out-of-pocket maximum.
- **\$0 preventive care** includes 100% coverage for preventive services when performed by a participating provider. Preventive care services include routine exams, screenings, immunizations, and other services ranked A or B by the U.S. Preventive Services Task Force.
- **Prescription drug coverage** includes \$0 copays for drugs to treat common conditions. See the plan formulary for the full list and dosage information.
- **A locally based**, dedicated account manager who can assist with issues related to benefits, enrollment, and plan design.

Choose from 28 different plan designs to fit your healthcare needs and budget
